TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

(L. S.)

To the inhabitants of the Town of Hampton Falls in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Hampton Falls on Tuesday, the twelfth day of March, next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see if the town will accept state aid for construction of the Class II road known as Kensington Road and raise and appropriate or set aside for said purpose the sum of \$1,042.50; or will accept state aid for construction of Class V roads and raise and appropriate or set aside for said purpose the sum of \$178.92.

4. To see if the town will vote to apply Tarvia to the roads treated last year, and apply Tarvia to other roads in condition to receive it, and raise and appropriate money for same.

5. To see if the town will vote to regulate the digging of clams within the town limits, to make reasonable rules and regulations restricting the sale and consumption thereof and to authorize the selectmen to issue permits in accordance with such regulations.

6. To see if the town will vote to give the Tax Collector power to have the poll taxes taken out of the pay of all highway laborers delinquent in their poll taxes.

7. To see if the town will vote to raise \$150.74 to pay unpaid bills on the Water Hole at Kenny Brook.

8. To see what action the town will take in regard to water holes and raise and appropriate money for same.

9. To see if the town will vote to give the selectmen power to borrow money in anticipation of taxes.

10. To see if the town will vote to adopt the provisions of the municipal budget act.

11. To see if the town will authorize the selectmen to sell either at public auction or private sale to such purchaser and for such price as they may determine any real estate acquired by the town through Tax Collector's deeds, and until such sale is made to administer such property in the interests of the town.

12. To see if the town will raise and appropriate the sum of \$25.00 for resetting and putting up some new bound posts between the adjoining towns.

13. To see if the town will vote to install lights in the library and to raise and appropriate money for same.

14. To see if the town will vote to give a discount on taxes paid on or before July 1, 1935.

15. To transact any other business that may legally come before this meeting.

Given under our hands and seal this twenty-fifth day of February, in the year of our Lord nineteen hundred and thirty-five.

JOHN D. FOGG,
WALLACE H. BATCHELDER,
FORREST B. CREIGHTON,
Selectmen of Hampton Falls.

SELECTMEN'S REPORT

The selectmen, in submitting their report of 1934, wish to call the taxpayers' attention to some excess expenditures.

The overdraft on town officers' salaries was due partly to welfare and relief work.

The election and registration overdraft was due to two years' bill for same.

The overdraft on tarvia was caused by an increase in the amount used and especially on Boynton's hill where the surface was loose causing the oil to penetrate freely. The sand cost more as it had to be screened and more was used.

The selectmen, in accepting the state's water holes proposition of work for the unemployed received \$315.00 from the state, the town paying the supervisor and for any material that was used. There were four holes dug, the one at Kenny brook, there being a scant supply of water there, it was suggested by Chief Whiting to have a larger place than was thought of at first, to warrant a good supply in dry time. This caused an increase in the amount of material used. There being no appropriation, it was thought best to ask the town to raise the amount unpaid which is \$150.74. The rocks and gravel were hauled at no cost to the town and some of the labor. There was a tile put in at Grapevine Run which was given by the residents in that locality. A hole was dug by the bridge in Taylor River, and also one dug in back of William Janvrin's residence.

The suit brought against the town by John E. Knowles was tried in the October term of Court. The counsel, consisting of **Batchelder and Wheeler**, and Robert Upton

of Concord, and, with what help the Selectmen and Town Police could give, were able to obtain a verdict for the Town. The cost of \$1,219.57 will not have to be raised at Town Meeting. With the increase in revenues and some small balances, the Selectmen were able to take care of it,

Respectfully submitted,

JOHN D. FOGG,
WALLACE H. BATCHELDER,
FORREST B. CREIGHTON.

EDWIN L. JANVRIN,
JAMES W. ELTON,
 BLANCHE E. BATCHELDER.
 School Board of Hampton Falls

THE REPORT OF THE SUPERINTENDENT

To the School Board of Hampton Falls:

I herewith present to you my fifth report as superintendent of your schools.

The advantages of having two trained teachers in charge of your schools is well illustrated by the superior work which the pupils of Hampton Falls are now accomplishing. Your graduates are competing with the graduates of six other schools and are realizing the results of thorough drilling in the fundamentals. The habit of reading many books for enjoyment and for information has been encouraged by Miss Church in your upper grades. I believe this is good preparation for the independent study required in the Junior and Senior High School.

Miss Brown is proving an excellent teacher for the lower grades. She is untiring in her efforts for the children's welfare and above all is fond of children and understands child life.

The statistical report shows the data for school attendance last year. The percentage of 94 is lower than the state average. The vast majority of children had a very good record as is proven by an Honor Roll of eight. The poor record of a few will give an entirely erroneous opinion of the school attendance: We shall be handicapped during the current year by the whooping cough epidemic and strenuous efforts will be needed to keep our school records to a high level.

These absences, because of the epidemic, have offered a temporary handicap to the teachers—particularly in Miss Brown's room—resulting in a completely changed schedule and a new method of dealing with the absentees. As fast as these pupils return they are given individual coaching by the teacher until their work is again on a level with the class achievement. Of necessity, time was allotted in the daily program for this work. We believe it is useless to return a child to his class, after four or more weeks of absence, until he has acquired the background lost during that time. While his work must suffer to some extent this method will minimize his handicap.

Frequently information is sought by former pupils, or by parents of present pupils, as to the work done in our schools during previous years. The same information is always asked whenever pupils move into another school system. It has sometimes been difficult to obtain the required data. For this reason the seven school boards of this supervisory union have purchased a permanent record system to be kept in the superintendent's office. This will keep, in permanent form, a complete record of the work done by

each pupil in these towns during the years he attended our schools. Not only will scholastic attainments be recorded but such information as will help future teachers to understand the pupil, if the latter moves away. Records of health conditions, results of standardized tests, when properly kept, will aid both teacher and pupil to adapt future work to individual needs. We believe this is an important means of guaranteeing to each boy and girl a consistent rate of progress, free from the delays of adjustment which would otherwise occur with each change of teacher.

Your teachers, with the financial help of local organizations, are rendering a valuable health service to the pupils by serving a hot lunch to all children who are unable to go home at noon. The results are evident not only in increased physical vitality during the afternoon but in mental alertness as well. This service is commendable.

No music supervisor is employed by the school district of Hampton Falls. Your teachers are carrying on this work unaided. The results are commendable as is proven by the excellence of their public appearances in operetta or exhibition, but an especially trained supervisor would be a material help. Of necessity, the instruction of music is a special field and requires a specialist that the best results may be efficiently obtained. Has not the time arrived when Hampton Falls should join the other towns of this Union in engaging such a leader?

The report of the school nurse merits careful reading. It states results accomplished but it can not show the hours of work she has devoted to the welfare of our children. Through her efforts, federal money has been secured for the correction of many serious defects. The federal government is again furnishing milk to underweight children. It is expected that this distribution, to an average of eleven children, will continue throughout the school year. We

believe this is a valuable service to the pupils.

I wish again to express my thanks to the school board for continued help and guidance in the duties of my office. It is always a pleasure to visit your schools.

Respectfully submitted,

ROY W. GILLMORE,

Superintendent of Schools.
